Measures against Novel Coronavirus Infection

Here we H.P.FRANCE S.A. inform that we implement the following measures against expanding of the novel coronavirus infection during the exhibition "rooms40" from 20th (Thu.) through 22nd (Sat.) of February, held in Yoyogi National Stadium 1st Gymnasium in cooperation with the national stadium.

Measures:

Installation of a bottle of antiseptic solution and a document calling for attention

Place of installation:

- 2nd floor/ General Entrance, Reception, Information Desk, Entrances of each booth area
- 1st floor/ Information Desk, Entrances of each booth area

In our exhibition, we prior health and safety of exhibitors, visitors and related staffs, therefore you may see some of them wearing face masks at the venue. Your understanding and cooperation are highly appreciated in advance. In addition, we sincerely request you to take the regular measures against the infection such as good manners of cough and washing hands, etc., taking account of the epidemic period of cold and flu.

In the meantime, we kindly ask your consideration after consulting a doctor or medical institution when you or your family has visited China within a month before the exhibition or when you have a symptom such as cough or fever, etc.
